

Embrace the change...

As we turn the dial on almost fifty years, Barbosa's footprint has grown from a modest 2,500 sq. ft. to over 312,000 sq. ft. Typically such growth produces complexity. As your trusted cabinet manufacturer we have optimized our processes and standardized our collections to ensure you receive the finest finishes at the most attractive prices. We will continue to honor our heritage as we propel forward into the future with renewed energy and collective optimism. Choose from our four different drawer options for your next project.
